Please read all of the instructions and look at the pictures before attaching the ProClip. This ProClip can be placed anywhere within the width of the air vent.

1. Press the thin end of the enclosed gap opener into the gap between the dashboard and the air vent panel frame, to widen the gap. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Peel off the cover of adhesive tape on the ProClip.

2. Hold the ProClip in an almost 45 degree angle. Press the curved edge on the upper part of the ProClip into the gap next to the gap opener. Pull out the gap opener.

3. Press the gap opener into the gap between the center console panel frame and the air vent panel frame. Flip the ProClip downward/forward so the upper curved edge hooks behind the dashboard. Press forward on the lower part of the ProClip so the grooved edge goes into the gap next to the gap opener. Pull out the gap opener.

4. The ProClip is in place.
